

Darryl Sullivan Biography

Darryl Sullivan is the Director of Industry and Regulatory Affairs for the Food Solutions Division at Covance Laboratories. Mr. Sullivan acts as the primary liaison with food, nutritional and dietary supplement companies as well as providing expertise on designing comprehensive testing programs to meet scientific and regulatory requirements. In this role he is often called upon as an expert witness for litigation and dispute resolution. He has managed numerous different departments at Covance including lab operations, research and development, client services, sample management, sample preparation and study direction, as well as a satellite laboratory in Michigan.

Mr. Sullivan received his BS from the University of Wisconsin-Madison and has more than 35 years of experience in laboratory testing of food and dietary supplements. He is considered to be an expert in the field of validation of analytical methods, having served for three years as Chair of the AOAC INTERNATIONAL Official Methods Board. Mr. Sullivan was a member of the Task Force that redesigned the AOAC Standards Development Process. He is currently the Past President and Secretary of the AOAC INTERNATIONAL Board of Directors, and the Chair of the AOAC Stakeholder Panel on Infant Formula and Adult Nutritionals. He is also the Chair of the AOAC Stakeholder Panel on Dietary Supplements. He is a former member of the Board of Directors of the AOAC Research Institute. He is the Chair of the Analytical Laboratories Committee of the American Herbal Product Association, a member of the USP Expert Committee for Dietary Supplements, and is a member of the Joint Committee on Dietary Supplements of NSF. He is a member of the CRN Regulatory Affairs Committee and the NPA ComPLI Committee. Mr. Sullivan has developed and validated hundreds of analytical methods in the areas of nutrient and residue testing, and is the author of more than 75 publications and 100's of scientific presentations. In addition, he is the Past Chair of the AOAC Presidential Task Force on Dietary Supplements and co-editor of the book *Methods of Analysis for Nutrition Labeling*. He is also the co-editor of the book *Improving Import Food Safety*.
