

## FOOD CONTROL CONFERENCE 2024 24 - 25 October 2024, Ha Noi – Viet Nam

### Biography

**Yi Ding, PhD.**

*Senior Scientist II, Analytical*

*Abbott Nutrition Research and Development, Pacific Asia*

Dr Yi Ding joined the Abbott Nutrition Research and Development as a senior analytical scientist in 2017. Prior to joining Abbott Nutrition, he worked as a scientist in the chemical metrology laboratory of the Health Sciences Authority Singapore and as an application & training consultant with Agilent Technologies. He has inorganic and organic chemistry educational background from his Ph.D and Masters study. Dr. Yi Ding is currently involved in the R&D activities such as test method development, test method transfer and in-house research testing, in the area of mineral, sugar and protein. He also worked extensively on the technical qualification of Third Party Manufacturer's laboratory.
