

FOOD CONTROL CONFERENCE 2024 24 - 25 October 2024, Ha Noi – Viet Nam

Biography

Dustin Starkey, Dr.

Director, Nutrients Testing, Global Analytical and Food Safety, Abbott Laboratories' nutrition business, Columbus, Ohio, USA

Director, AOAC International.

In Abbott Laboratories' nutrition, Dustin leads a team of scientists who develop and validate test methods for nutrients in infant and adult nutritional products and provide routine nutrient testing for R&D.

Dustin has served as a Director on the AOAC INTERNATIONAL Board of Directors since 2023 and is an active participant in the AOAC Stakeholder Panel for Infant Formula and Adult Nutritionals. He has also served on the AOAC Ad Hoc Expert Panel on Sweetness, Membership Committee, Technical Programming Council, and delegation to the Codex Committee on Methods of Analysis and Sampling and Codex Committee on Nutrition and Foods for Special Dietary Uses, advocating for endorsement of globally harmonized, fit-for-purpose methods for label-claim nutrients. He was also previously a member of the ANSI-accredited and AOAC-administered U.S. Technical Advisory Group to ISO Technical Committee 34.

Dustin earned a BS degree in forensic chemistry from Ohio University, PhD in analytical chemistry from the University of Cincinnati, and MBA from the University of Illinois at Urbana-Champaign.
