

FOOD CONTROL CONFERENCE 2024 24 - 25 October 2024, Ha Noi – Viet Nam

Biography

NGUYEN HONG MINH

Food Safety Specialist

*Food and Agriculture Organisation of United Nations (FAO)
Representation in Viet Nam*

Nguyen Hong Minh is a Food Safety Specialist at the Emergency Center for Transboundary Animal Diseases, FAO Vietnam. She earned her Master's degree in Food and Beverage Innovation and Management at Marche Polytechnic University. She has 2 years of research experience, having undertaken projects at Vietnam National University of Agriculture, Marche Polytechnic University, and Ghent University.

In 2023, Minh joined the Food and Agriculture Organization of the United Nations (FAO) Headquarters as a Codex Secretariat Intern and subsequently served as a Programme Support Specialist in the Codex Alimentarius Secretariat Division. She became FAO Vietnam as Food Safety Specialist in 2024, where she currently provides technical expertise and coordinates projects related to food safety and Antimicrobial Resistance (AMR).
