

### **Biography**

**Full name, Title:** MinHong Shin

*Position:* Inspector, Food Safety Specialist

*Affiliation:* Korea Agency of HACCP Accreditation  
and Services (KAHAS)

MinHong Shin is an Inspector and Food Safety Specialist at the Korea Agency of HACCP Accreditation and Services (KAHAS), with over a decade of hands-on experience in food safety management, HACCP accreditation, and digital transformation. He holds a Master of Science in Agriculture (Food Engineering) from Chungbuk National University and a Bachelor of Science from Wonkwang University.

At KAHAS, Mr. Shin has played a leading role in spearheading the digital modernization of food safety control systems. He has directed the research, development, and on-site implementation of 15 specialized smart sensors designed specifically for food manufacturing environments—including automated sanitizing monitoring, magnetic iron particle detection, and CIP validation systems. Through standardized digital log platforms and cloud services, he has actively supported small and medium-sized enterprises (SMEs) in adopting IoT-driven Smart HACCP to strengthen food safety management and optimize manufacturing processes.

Currently serving as an Inspector at a public agency, he conducts certification audits, technical evaluations, and specialized training programs for industry personnel; at FCC 2026, he aims to share practical implementation cases and key achievements of Korea's Smart HACCP, contributing to international harmonization in global smart food safety control.
