

INTERNATIONAL FOOD CONTROL CONFERENCE 2026

15th - 17th October 2026, Ha Noi - Viet Nam

Biography

Full name, Title: PhD. Dmitrii Vladimirovich Suvorov

Position: Researcher in Health risk analysis department

Affiliation: FBSI “Federal Scientific Center for Medical and Preventive Health Risk Management Technologies”, Perm

His primary research interests include health risk analysis and the epidemiology of non-communicable diseases. As a member of the working group, he co-authored the Guidelines of the Eurasian Economic Commission for establishing hygienic standards for the content of chemical contaminants and biological agents in food products based on human health risk criteria. He also contributed to the development of the All-Russian Methodological Recommendations titled "Procedure for the detection and identification of undeclared and potentially hazardous unintentionally present chemicals in food products." Furthermore, as part of a research team, he participated in the scientific justification of hygienic standards for arsenic in fish and cadmium in sunflower seeds.

He holds 6 patents and is the author of over 60 peer-reviewed publications, including articles indexed in Scopus and Web of Science. He is also a co-author of 3 monographs.

His international professional experience includes participation in the APEC Forum on Cooperation in Food Safety (within the framework of the Second Cluster); the 87th Session of the WTO Committee on Sanitary and Phytosanitary Measures; and the 47th Session of the Codex Alimentarius Commission. Additionally, he contributed to bilateral collaborative projects of Rospotrebnadzor aimed at ensuring the sanitary and epidemiological well-being of the population (in cooperation with the National Institute of Food Control, Hanoi, Vietnam). He also participated in the implementation of the "Extraterritorial Monitoring of Infectious Threats Based on the WHO Center for Epidemic Response and Network of Centers Abroad" section within the Federal Project "Sanitary Shield" (in cooperation with the National Institute of Food Control, Hanoi, Vietnam). He has delivered numerous presentations at Russian and international scientific conferences. Furthermore, he has teaching experience at the Perm State Medical University.
